Full Journal Title in ISI Web of Science: BRATISLAVA MEDICAL JOURNAL-BRATISLAVSKE LEKARSKE LISTY

Announcement

In line with the EU's commitment to the free circulation of scientific knowledge and the dissemination of research results, the Bratislava Medical Journal (BMJ) is a full-fledged Open Access (OA) journal.

From October 1, 2023, the **article-processing charges (APC)** for all published articles are set at **€360**.

We are pleased to announce an important update: thanks to the financial grant support of the Faculty of Medicine UK Bratislava, an APC discount is provided for manuscripts sent until December 31, 2023. (This applies even if they are accepted in a later peer review).
The **fee for APC is €240 after the discount**.

BMJ articles will be published OA under a [CC BY license](#) (Creative Commons Attribution 4.0 International license). This license allows readers to copy and redistribute the material in any medium or format, and to alter, transform, or build upon the material, including for commercial use, providing the original author is credited.
